AGRICULTURAL ADJUSTMENT ADMINISTRATION

Release: Wednesday, November 28, 1934

1934 Cotton Program  
Payments Near 80 Million

With more than \$32,000,000 of the second rental payment already completed, payments to producers cooperating in the 1934 cotton adjustment program totaled \$75,969,192.46 as of November 22, the Agricultural Adjustment Administration announced today.

The cotton rental payments were divided into two equal installments, with the second payment being made only after compliance with the acreage adjustment contract had been established. The first rental payment, which has virtually been completed, totaled \$43,449,757.02 on November 22, and on the same date the second rental payment had mounted to \$32,519,435.42.

In addition to these rental payments, cotton producers also will be paid a total of approximately \$28,000,000 in "parity" payments. This payment will be calculated on the basis of one cent a pound on the estimated share of each farmer's average past production which enters domestic consumption. It had previously been planned to combine this payment with the second installment of the rental payment but this has been abandoned in an effort to complete the rental payments as rapidly as possible.

When all payments, including both rental payments and the "parity" payments have been completed, the total of 1934 payments is expected to approximate \$117,000,000.

The following tables show the amount of first payments, the amount of second payments, and the total payments sent to states and counties as of November 17, 1934, the last date on which a county-by-county compilation was available:
